### Welcome to the Glenfield Community Centre

We are a friendly, not-for-profit Incorporated Society community hub on Auckland's North Shore offering affordable room hire, community and business activities, educational, social and active classes, together with a well-respected and WINZ-approved Early Learning Centre.

### The purpose of our Centre

Is to recognise and respond to the social, cultural, recreational and educational needs of the community and to find ways to meet these needs.

### If you can't find what you are looking for

on the pages within, why not start a group? Do you, or anyone you know need a room for your regular meetings or activities? Do you have a skill you could offer the community but just need assistance in putting something together? We would currently like to add further social/physical activities to our list.

### Rooms of all sizes

We have spaces ranging in size from small offices for two-three people to our Mission Hall which will accommodate up to 65-100 persons. See our room hire page for our Rate Card and configurations.

### Community is at our Centre

And we would really like to see more of you and offer more to you.

Please talk to us.
